Major Performance List of Seawater Desalination and Demineralization

No.	Project Name	EPC/Customer	Capacity	Year of Contract
1	Seawater Desalination and Demineralization System of Tianwan Nuclear Power Plant	China Nuclear Power Engineering	45600m ³ /d	2022
2	Seawater Desalination System of Sanao Nuclear Power Plant	China General Nuclear Power Group	9360m ³ /d	2021
3	Demineralization System of Tianwan Nuclear Power Plant 7&8 Unit	China Nuclear Power Engineering	7680m ³ /d	2021
4	Demineralization System of Xudapu Nuclear Power Plant 3&4 Unit	China Nuclear Power Engineering	11520m ³ /d	2021
5	Seawater Desalination and Demineralization System of Batangas Combined Cycle Power Plant, Philippines	Black&Veatch Corporation	5760m ³ /d	2021
6	UF System of Rizhao Power Plant Phase II Renovation Project	China Huaneng Group	3120m ³ /d	2020
7	Ruifengyuan Demineralization System Project	Shandong Ruifengyuan Chemical Industry	960m ³ /d	2014
8	Seawater Desalination System of Sanmen Nuclear Power Plant	China National Nuclear Corporation	8500m ³ /d	2011
9	T.J. Awar power Station, Indonesia	China National Electric Engineering Corporation	6000m ³ /d	2008
